Introducing Build a Bag: Customizable Sublimated Bags for Resellers!

Discover our latest offering tailored exclusively for our esteemed resellers. We are thrilled to introduce our Build a Bag collection, designed to empower customers with the freedom to personalize their bags. With an impressive turnaround time, our range includes four exceptional sublimated bag options: the **6 Can Cooler Bag**, **Large Cooler Bag**, **Drawstring Bag**, and **Everyday Shopper Bag**.

At Build a Bag, we understand the importance of delivering products that reflect individuality. Our customizable bags allow your customers to express their unique style and preferences, setting them apart from the crowd. Whether it's a refreshing day at the beach, a workout session at the gym, or a convenient shopping experience, we have the perfect bag to meet every need.

Time is of the essence, and we value efficiency. That's why we have optimized our production process to provide swift delivery without compromising quality. Take note of our lead times based on quantities and capacity:

For orders of 500 units or fewer, you can expect a remarkable lead time of 2-3 weeks. Your customized bags will be ready in no time, enabling you to delight your customers promptly.

For larger orders exceeding 500 units, we aim for a four-week lead time. Our dedicated team ensures that even with increased quantities, the quality and craftsmanship of our bags remain unmatched.

The Build a Bag collection redefines the concept of customization, offering resellers like you an opportunity to cater to diverse preferences and demands. Let your customers express themselves through personalized bags while enjoying the efficiency of our quick turnaround times.
